

Lisa's second set of President's Blocks

Lisa requested Log Cabin Blocks – Half Black and White with the other side bright colors

It is to be a 12 ½” unfinished block (will trim to 12” by Lisa)

Start with a 3 ½” center – Red (Represents home and hearth)

All strips to be cut 2” wide

If you are familiar with Log Cabin Blocks, you know that your first log/strip will be 2 x 3 ½” of either the black/white or a bright color.

You then do a second log of the same color. The length of the second log/strip will be 2 x 5. And so on

Cutting instructions:

Ultimately you will need:

Log 1 = 2 x 3-1/2	Black/White	Log 7 = 2 x 8	Bright Color
Log 2 = 2 x 5	Black/White	Log 8 = 2 x 9-1/2	Bright Color
Log 3 = 2 x 5	Bright Color	Log 9 = 2 x 9-1/2	Black/White
Log 4 = 2 x 6-1/2	Bright Color	Log 10 = 2 x 11	Black/White
Log 5 = 2 x 6-1/2	Black/White	Log 11 = 2 x 11	Bright Color
Log 6 = 2 x 8	Black/White	Log 12 = 2 x 12-1/2	Bright Color

If you choose to start with the bright color instead of the black/white, just reverse the captions above.

Confused? Call Barb 532-4135

Or any of your friends that are familiar with Log Cabins. (I copied these instructions from EQ7

A copy of my block is below and is only for an idea. Use your own fabric and bright colors. Lisa tells me that folks in her class will probably use some purples. It's up to you. Bright floral, bright tone on tone, whatever you want.
